DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Sheree T. Rowe on 1/31/2011.

The application has been replaced with the following:

In the specification:

[0014] The invention according to an embodiment is a computer program to be executed by a computer arranged in a digital receiving apparatus having: information separating means for reproducing a stream of demodulation signal, and separating it into stream signals on multiplexed respective channels for output; and decoding means for decoding and outputting the stream signals, the computer program comprising a control step of switching to the stream signal on another channel and makes the decoding means decode it when physical information for indicating reception quality during reception and a data type of the stream signal on the channel selected out of the channels do not conform to a predetermined relationship.

[0015] The invention according to another an embodiment is a recording medium containing the computer program.

Conclusion
